COMMENTS: In a compliance inspection conducted on 06/29/2006, AQD staff observed operations at Jackson Marine. AQD staff was accompanied by Patti Jackson (manager/owner) The facility is a boat yard which use to utilize large bays with 18 stacks. However, they are now not utilizing the stacks and only the bays to work in. Mrs. Jackson stated that the facility has now been sold to a new owner (Fort Lauderdale Boat Club-The new owners were on-site and AQD staff and the new owners agreed to meet at a later date to discuss the permit changes and Marina BMPs).

Facility housekeeping was fair (With exception of one vendor who utilizes small amounts of Polyester Resin-2-3 boats a year, their housekeeping was excellent).

Mrs. Jackson will be submitting VOC logs. She will have offices at the site, but as of this date is no longer the owner of the Jackson Marine facility.
