

**TRINITY**  
MEMORIAL GARDENS  
Cemetery, Funeral Home & Crematory

March 14, 2007

To Whom It May Concern:

Trinity Memorial Gardens Crematory does not cremate the high grade vinyl bags that human remains are sometimes placed in before removing from local hospitals. The remains are removed from the vinyl bags and placed into an alternative container chosen by the family before the cremation process is started.

Sincerely,

John B. Walsh  
Trinity Memorial Gardens  
Funeral Home Manager
