Dear Mr. Shirinian and Rose,

I hope that you both had an enjoyable holiday season and that your New Year will be a great one!

Thank you for responding to my request for additional information regarding the highest monthly average of the daily quantity of VOC in all coatings used in the last five years.

The rule requests that you also provide the **month and the year** during which the average usage of 4.17 lbs per day occurred. Once I receive that information I will be able to complete my review of your Surface Coating Air General Permit Registration renewal.

Thank you for your time and consideration in this matter.

Happy New Year!

Sincerely,

# Dickson E. Dibble
