Permit and require, if applicable, another Public Notice. A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 of the Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000 (Telephone: 850/488-9730; Fax: 850.487-4938). If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, as well as the rules or statutes which entitle the petitioner to relief; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and, (g) A petition that does not dispute the material facts upon which the permitting authority's action is based shall state that no such facts no such are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28.106.301, F.A.C. Because the administrative hearing process is designed to formulate a final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in
