RE: Waiver of 90-day Production of Draft Permit for Turkey Point Fossil Power Plant Units 1 & 2; 0250003-008-AC; BART Determination Application

Dear Al,

FPL agrees to waive the Department's requirement to issue a Draft Permit within 90-days for the Turkey Point (PTF) Units 1&2 BART Determination as referenced above.

In the interest of allowing further productive evaluation and negotiation of the conditions unique to this facility, FPL hereby agrees to extend the Draft Permit development period from December 12, 2007 for an additional 65 days, until February 15, 2008.

Sincerely yours,
