**PETITIONERS' REQUEST FOR EXTENSION OF TIME**

Pursuant to rule 62-110.106(4), Florida Administrative Code, Petitioners Save Our Suwannee, Inc. and Annette Long, individually, file this request for an extension of time to file a petition for administrative hearing and in support state as follows:

1. On July 19, 2013, the Suwannee Democrat published a Public Notice of Intent to Issue Air Permit ("Notice"). The Notice refers to Florida Department of Environmental Protection ("DEP") Air Permit No. 1210471-001-AC and identifies Integrated Waste Management Systems, Inc. as the applicant for that permit. A copy of the Notice is attached as Exhibit "A."
2. The proposed project is a new medical waste incinerator facility to be located near Live Oak, Florida.
3. Save our Suwannee, Inc. and Annette Long are concerned that the facility will cause adverse environmental impacts and will adversely affect the public health. Save Our Suwannee, Inc.'s telephone number is (352) 213-2167 and its mailing address is PO Box 669, Bell, Florida 32619. Annette Long's telephone number is (352) 490-8920 and her mailing

address is 12651 NW 117<sup>th</sup> Avenue, Chiefland, FL 32626. Petitioners require additional time to evaluate the application, identify issues, consult with experts, and decide whether to request an administrative hearing in order to protect their substantial interests. Petitioners first became aware of the DEP Notice on July 31, 2013, and have not yet been able to review the application file or consult with an expert.

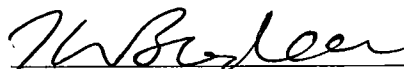

4. This request is submitted in accordance with Rule 62-110.106(4), Florida Administrative Code, and for good cause shown.

5. Based on the foregoing, Petitioners respectfully request an enlargement of time until August 30, 2013, in which to file a petition for an administrative hearing challenging DEP's Notice of Intent to Issue Air Permit No. 1210471-001-AC.

6. The undersigned conferred with Fred Aschauer, DEP Deputy General Counsel, regarding this request and he has no position regarding the requested extension.

WHEREFORE, Save or Suwannee, Inc. and Annette Long respectfully request that DEP enter an Order granting them an extension of time until August 30, 2013, to file a petition for administrative hearing challenging DEP's Notice of Intent to Issue Air Permit No. 1210471-001-AC.

Dated this 2<sup>nd</sup> day of August, 2013.

PUBLIC NOTICE OF INTENT
TO ISSUE AIR PERMIT

Florida Department of Environmental Protection Division of Air Resource Management, Office of Permitting and Compliance Draft
Air Permit No. 1210471-001-AC Integrated
Waste Management Systems, Inc.,
IWMS Suwannee
Suwannee County, Florida

Applicant: The applicant for this project is Integrated Waste Management Systems (IWMS), Inc. The applicant's authorized
representative and mailing address is: Marvin Jay Barry, President, Integrated Waste Management Systems, Inc., IWMS
Suwannee, 932 Lark Street, Leighton, Pa 18235-8903.

Facility Location: IWMS, Inc. proposes to construct a new medical waste incinerator facility to be located in Suwannee County at 175th Road and 50th Street near Live Oak, Florida.

Project: The proposed IWMS Suwannee facility will consist of four (4) Hospital, Medical, Infectious Waste Incinerator (HMIWI) Units model number PHCA-2500 manufactured by Pennram, or similar units. Each unit will be equipped with a non-fired heat recovery boiler. Air pollution controls consist of: a sodium bicarbonate injection system; a fabric filter with catalyst impregnated structured bag system. Provisions will be included for an activated carbon injection (ACI) system and a selective non-catalytic reduction (SNCR) system if required to achieve the permitted emission limits. A non-fired turbine will be connected to the output of two (2) of the boilers to generate electric power. The facility will also have two (2) Dry Sorbent Storage Silos; an emergency generator; and, an emergency fire pump.

IWMS plans to construct the HMIWI facility in a phased approach. In the initial phase, IWMS plans to install two (2) HMIWI with one (1) common dry sorbent storage silo that will service the HMIWIs. IWMS will install the other two HMIWIs and dry sorbent storage silo as market demand increases.

The project does not trigger the rules for the prevention of significant deterioration (PSD). The project will comply with the very stringent requirements of 40 Code of Federal Regulations (CFR) part 60 subpart Ec – Standards of Performance for New Stationary Sources: Hospital/Medical/Infectious Waste Incinerators, adopted and incorporated into the Department's rules at Section 62-204.800(8)(b)8., Florida Administrative Code (F.A.C.).

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210 and 62-212, F.A.C. The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Permitting Authority responsible for making a permit determination for this project is the Office of Permitting and Compliance in the Department of Environmental Protection's Division of Air Resource Management. The Permitting Authority's physical address is: 2600 Blair Stone Road, Tallahassee, Florida. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's phone number is 850-717-9000.

Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the physical address indicated above for the Permitting Authority. The complete project file includes the Draft Permit, the Technical Evaluation and Preliminary Determination, the application and information submitted by the applicant (exclusive of confidential records under Section 403.111, F.S.). Interested persons may contact the Permitting Authority's project engineer for additional information at the address and phone number listed above. In addition, electronic copies of these documents are available by entering the draft permit number (1210471-001-AC) in the indicated field at the following web site: <http://www.dep.state.fl.us/air/emission/apds/default.asp>.

Notice of Intent to Issue Air Permit: The Permitting Authority gives notice of its intent to issue an air construction permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of proposed equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in accordance with the conditions of the proposed Draft Permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.

Comments: The Permitting Authority will accept written comments concerning the proposed Draft Permit for a period of 14 days from the date of publication of the Public Notice. Written comments must be received by the Permitting Authority by close of business (5:00 p.m.) on or before the end of this 14-day period. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall revise the Draft Permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. A petition for administrative hearing must contain the information set forth below and must be filed (received) with the Agency Clerk in the Office of General Counsel, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, [Agency.Clerk@dep.state.fl.us](mailto:Agency.Clerk@dep.state.fl.us), before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information:  
(a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number and any facsimile number of the petitioner; the name, address any email address, telephone number, and any facsimile number of the petitioner's representative, if any, which shall be the address for service

purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available in this proceeding.
